## PROFESSIONAL PROFILE

Business application developer building Laravel websites, Flutter web and Android apps, and workflow-driven business platforms. Uses AI-assisted development to turn requirements into working software, supported by code review, testing and deployment checks. Experience spans commerce, event ticketing, streaming media, real estate and mobile games.

## PROFESSIONAL EXPERIENCE

### Business Application Developer

**Tekvista Infosolutions Pvt Ltd** | Apr 2025 – Present

- Develop company websites and client applications, with responsive interfaces, backend workflows and administration tools.
- Implement enquiry capture, product or property catalogues, role-based access, SEO metadata and installable web experiences across Laravel projects.
- Use AI coding workflows for implementation and debugging, then validate behaviour through application and browser checks.

**Company websites**

**Agile Innotech** agileinnotech.in

**Tekvista** tekvista.in

**Client work through Tekvista**

**Panchmukhi Balaji** panchmukhibalaji.agileinnotech.com

**Sanrachnaa Realty** sanrachnaarealty.agileinnotech.in

**KL Banka** klbanka.agileinnotech.in

### Computer Teacher

**Sri Chaitanya Techno School, Liluah** | Jun 2024 – Sep 2024

- Taught computer subjects to Classes 1–10 and conducted practical computer laboratory sessions.

### IT Trainer

**Aptech, Konnagar** | Jun 2022 – Sep 2022

- Delivered information technology training at the Konnagar institute.

### Web Developer

**MFX Interactive Pvt Ltd** | Feb 2022 – Mar 2022

- Worked on a web development assignment at Garden Reach Shipbuilders & Engineers (GRSE), Kolkata.
